Patrol Boat 18 m

This 18 m aluminum **Patrol boat** is intended to perform surveillance services and border duty, carry out activities related to the provision of security of critical infrastructure of the State, conduct intervention and patrol operations and escort crafts with hazardous cargo. Therefore SE-411 reaches the highest safety standards. Additionally the vessel is equipped with armored weapon cabinet S1 type and foundation for weapon placed on an open foredeck.

This boat is also meant to perform search and rescue operations within the SAR service, support the firefighting service of both other units, and port facilities, and detect contamination of the marine environment and support tracking of the perpetrator. The vessel is adapted to intercept survivors from the water.

The wheelhouse provides four crew seats nearby the control console and, behind them, an additional chart table placed with two double-seated sofas. The space below the deck is divided into six watertight compartments. SE-411 can accommodate four regular crew members along with four additional people.
